ADVANCED GRAMMAR CLASS

IN our industrial, social, civic and religious democracy everything waits on education No real progress and no lasting improvement in any line of life is possible except through the better education of the people.

-Philander P. Claxton

THE efficient country school is the most vital educational need to-day not only of the South, but of this whole country of ours. Our duty to our country requires that much of our thought, time and labor be given to the rural schools.

-David B. Johnson

OUR SCHOOL—is non-sectarian and not under the rule or ownership of any denomination. We conduct a Bible Class three nights of every week in the Auditorium. This is open for the public We study the Bible without any arguments or quarrels, just study the text as we would grammar or arithmetic. Last year we enrolled 55 students in this department and it proved to be very interesting as well as profitable for all who attended.

A THLETICS—We encourage the games, such as basket ball, tennis and similar ones, Our grounds are well arranged for such.

m m

of the land of the section of the land of

who was the second to give

Societies — The literary work of the societies is a very interesting as well as a profitable feature of the institution. Debates on live questions of the day, speeches, dialogues, moot courts, spelling and pronouncing contests afford each student training along this line that is so necessary in life.

--- Two divisions of the Excelsior society will be maintained throughout the year, the Star and Crescent. These will be governed largely by the student body.

LYCEUM COURSE—Beginning April 27th and continuing each Friday night for six weeks we will give in the School Auditorium six entertainments of a specially high class at very low rates when season tickets purchased These entertainments will be made up of lectures, quartette clubs and dramas. More information and program will be given later.

Some REASONS— for attending school here.—You get the very best instruction from competent and efficient teachers—You are thrown with a student body of unexcelled qualities.—The expenses are less than any other school of the land,—We are away from town evil influences.—A more healthful location cannot be found.

POOR BOYS—There are boys all over our land who desire an education but have not the means to secure same. To these characters, we have this to say: If you are earnestly desiring an education and are willing to work for it when you have a splendid opportunity, let us hear from you and we will make arrangements for you to secure at least one year of valuable mental training. We can make room for a limited number of students of this character and of course the first applicants will be the ones who will be served. Do not investigate this part of the matter unless you mean business strictly.

TUITION—The first three months of the session will be a subscription school with rates as follows: \$1.25 per month First Grade \$1.50 per month Second Grade \$1.75 per month Third Grade ... -Fourth Grade - -\$2.00 per month \$2 25 per month Fifth Grade \$2.50 per month Sixth Grade - -\$2.75 per month Seventh Grade - \$3 00 per month Eighth Grade \$3 50 per month All above Public School course Music and expression at a very reasonable rate. The High School course will follow as nearly as possible that prescribed by the State.

4.1

BOARDING—Our best families have arranged to keep all boarders at the exceptionally low rate of from Ten to Twelve Dollars per month. This is in the private homes and of course should not be compared with dormitory boarding. We are sure that no parents will have any room for fear in allowing their daughters to remain in any of the homes of the town or community.

BUILDING—We have a neat, commodious and elegant white brick building, heated by a Waterbury hot air system. This system is of the latest pattern and furnishes an even heat throughout the day. Fresh air is drawn into the furnace and distributed over the room so evenly and gently that the circulation of warm fresh air is imperceptible. No one ever hears the old complaint "I have the headache," caused by inadequate ventilation.

CAMPUS—Our campus is a beautiful well drained plot of eight acres sloping gently in all directions. A sod of Bermuda grass and a forest of young Maple trees make it an ideal place for play and recreation

PENMANSHIP—Our penmanship department is ably taught by Mr. Hall who has had twelve years of successful experience, having been principal of this department in some of the leading schools of the state.

The The She

SIGHT SINGING— This department will be under the able supervision of Jewel B. Cox who has won distinction as a vocalist. He has been singing with the Henry Quartette Club for years and comes to us highly recommended from them.

.'. J. H. Hall's Rudiments and Musical Reader, both round and shaped notes, also Class Voice Culture will be taught.

Music is one of Nature's ways of expressing emotions. It reaches the soul and moves to deeds of valor; it stirs the fountain of tears, and in turn dries it up. Of all the instruments of Music, the vocal cords—Nature's only musical instruments—can be made to produce the sweetest music and make the most lasting impression. All should be interested in singing—To be able to sing by note will greatly enhance one's interest and also one's usefulness in the service of God. The class lessons will only be given three times a week. The work need not interfere with the regular course of study, but rather furnishes a diversion from the rontine of heavy work.

You need to know how to sing. The boy or girl that knows how and can sing will nearly always be found near the

front. You should make your arrangements to begin at the first of the term. Let's learn how to sing and then we can sing.

... Every student who expects to take vocal music during the school should make their arrangements, if possible, to enter the class the first day. Let's all learn how to sing.

--- This course will be only \$1.00 per month, with a reduction where there are several students from the same hom.

p p

EXPRESSION—This pepar tment will be superintended by Mrs. Joe L. Netherland who has made an enviable reputation as an expression teacher. She is gifted in her line and there is no doubt but that you may secure better and more satisfactory instruction here than elsewhere. The tuition is reasonable. Eight private lessons will be given per month.

--- She has further arranged to have two lessons per week in physical culture. This may be had at very small expense either in connection with class or private.

OUR UNITED STATES HISTORY CLASS

INSTRUMENTAL MUSIC—Miss Terry, graduate of Department of Music of the Nashville Bible School, an able and efficient teacher, will be in charge of our musical department. She comes to us highly recommended.

2 3 A

PRIZE DEPARTMENT-1916-17. Some of our interested and enthusiastic patrons have devised a splendid scheme to arouse an interest in some of the departments by offering the following prizes.

2 2 2 2

Prize No. 1—Mr. Tom Jamison offers a prize of \$5.00 in gold for the best speller in a public spelling match to be held Friday night October 27; 1916. The contest is open for all the county and may be entered by sending your name to any of the teachers on or before noon, October 27, 1916.

De De De

Prize No. 2—Mr. W. J. Brecheen offers a prize of \$5.00 in gold for the best temperance speech which is made from the platform in Clarksburg High School building on March 16, 1917. This contest is open for all school students above the 6th grade in the county. Entry must be made on or before March 10, 1917.

Prize No. 3—Dr. H. D. McGill offers a \$5.00 gold piece to the student in Clarksburg High School who makes best average grade in any two consecutive terms of 8 weeks each in not less than four branches of study, including deportment and attendance. This contest closes May 4, 1917 and the prize will be awarded on that date, at which time a program will be rendered by one of the societies.

Prize No. 4—Mr. J. H. Pritchard offers a prize of \$5.00 to the student in piano music who makes the most progress during the year. The decision to be arranged by the music teacher.

Prize No 5—Mr. Lonzo Joyner has offered a prize of \$5 00 for the best rendered reading given April 20, 1917 in the school Auditorium. Only the Expression Class of Clarksburg High School are eligible.

In addition to the foregoing prizes W. C. Hall is offering to the boy who makes the best showing in the Corn Club of Clarksburg, one registered Berkshire pig, and to the girl who makes the best record on one-tenth acre tomato plot, all the books, tablets, pencils, ink, pens and other necessary school equipment for the entire term of 1916 - 1917
